

ANN THOMAS

For Southampton Town Council

For the past 25-years, Ann has been an active local resident of Southampton. Originally, Ann is from Texas and comes from a family with history in the oil industry and medicine. While working as a VP for Conoco in Houston, Ann was recruited to work on Wall Street and moved to New York to launch energy risk management departments for Citibank and JPMorgan Chase Bank. She soon recognized she wanted a more rural environment to balance the 24/7 hustle and bustle of New York City. When she found Southampton, she knew it would be her home. Currently, Ann serves as a manager of a financial firm.

During Ann's time in Southampton, she has built strong ties in the community and understands the needs and concerns of local residents. She stays active through various organizations, including as a Deacon in the First Presbyterian Church of Southampton. Ann also volunteers with "Meals on Wings" to feed our elderly. She is a 10-year veteran of the Polar Bear Plunge which raises funds for the local food pantry, "Heart of the Hamptons" that serves hundreds of our families and she participates

in the Hamptons Classic Horse Show which supports the (Stony Brook) Southampton Hospital.

While Ann is not a politician in the standard sense of the word, she does pledge that she will always act in the best interest of the Town. She looks forward to running as an independent voice that will serve our Town with humility and experience. If you want to contact Ann directly and ask questions, send her an email at AnnThomasSH@gmail.com.
